

## R.C.D.C. Japan R/C Drift Community – Our Mission

Just as in full-size motorsport, the Japanese origins of R/C drift cars are well known around the world. What makes drifting unique is the enjoyment that comes from building your own unique machine, customizing it, showing others how it runs, and more. However, this great amount of freedom has led to unclear technical regulations and judging criteria, resulting in a situation where we feel further growth is being limited.

Our current initiative involves the Asia Championship coming this October, where we will begin a concurrent effort to establish uniform rule structures in both Japan and Asia, and eventually world wide, to grow R/C drifting into an even bigger phenomenon than before.

Generally an association for competition is expected to have a narrow focus on holding competitions. However, our stance is different in that our group came together with a sole mission to simply grow R/C drifting. And one part of this mission is to bring credible stature to drift competitions by introducing uniform technical rules and judging criteria, which we plan to showcase at our first ever Asia Championship.

The help and cooperation from our growing group of new members will help us organize more regional qualifying events, participate in mainstream events, and simply be more active on a consistent basis. Join us and get on board today!

## How to become an R.C.D.C. Member

- ① Please fill in the attached membership application and send it to us via e-mail.
- ② You will then receive an invoice from our office for the annual membership fee. Fee payment via bank transfer will be required by the indicated due date. The date our bank confirms receipt of your payment, will be the official activation date of your membership.

- ③ All memberships are on an annual basis.  
2016 membership is valid from 2016 April 1<sup>st</sup> through 2017 March 31<sup>st</sup>.
- ④ 2016 membership applications are accepted any time during the year, but the activation date will be the date fees are received, and membership will be valid through 2017 March 31<sup>st</sup>.
- For your reference :
- ⑤ Applications for the following year will be accepted beginning 2017 February 1<sup>st</sup>
- ⑥ For current year members seeking renewal for the following year, we ask that fees be sent in by the last day of February. Once past this date, renewals will not be accepted and a new membership application will be required.

### What we offer to member companies

Placement of your company logo and link to your company website on the R.C.D.C. website.

A list of member companies will be prominently displayed at all events organized or participated by the R.C.D.C.

All R.C.D.C. member companies will be able to apply for the following.

- ① R.C.D.C. Approved body shell registration
- ② Event sponsorship and booth display (product sales not allowed at any event) at the FEMCA Drift Asia Championship 2016 (both pre-event and main event).
- ③ Hosting an Asia Championship regional qualifying event.

Membership is available to the trade only (RC manufacturers, wholesale distributors, retail stores, RC track owners, and other industries).
